

JC Carter LLC

QUALITY POLICY

JC Carter seeks to be the global leader in designing, delivering and servicing cryogenic refueling and delivery products throughout the world.

Maintaining and improving this vision requires implementation of an effective Quality Policy as stated below.

Sustainable quality is achieved by JC Carter people committed to:

- Impeccable product quality, compliant with accurate and complete engineering specifications.
- Contractual delivery to customers, in accordance with ordering requirements in purchase orders.
- Managing supplier commitments, in accordance with JC Carter purchase orders.

Constantly listening to, evaluating, and acting on all customer voices drives commitment to QMS improvement.

JCC President participates daily to verify the Quality Policy is followed.

President: _____

A handwritten signature in black ink, written over a horizontal line. The signature is stylized and appears to be "John W. Carter".
